

NOW ON THE ROYAL ROAD

**Rev. Bruce in the Straight and
Narrow Way.**

**The Way That Leads to Health,
Happiness and Long Life.**

An Amherst Man Who Paid His Own College Expenses.

Happiness is so fragile that one risks the loss of it by talking of it.

It flies from him who deliberately pursues it, and slips the hand that would seize upon it. Yet much unhappiness may be avoided by keeping well.

To the steady brain worker (and all are brain workers) it is important to be able to perceive the indications of the coming storm. The Rev. Charles C. Bruce, the well-known pastor of Somers-

A black and white portrait of Rev. Charles C. Bruce. He is a middle-aged man with dark hair, a prominent mustache, and a goatee. He is wearing a dark suit jacket over a white shirt and a dark bow tie. The portrait is framed by a simple black border. Below the portrait, the text "THE REV. CHARLES C. BRUCE." is printed in a serif font.

ville, Massachusetts, preaches a very practical sermon to those who, from whatever cause are unhappy. He was sick. He took Paine's fiery compound, the wonderful remedy that makes people well. He is now on the royal road to health and long life. His own words are:

"I am nearly 38 years of age and weigh normally 155 pounds, at present my weight is 141½. My sickness took me down to 134½, so that you can see that I am getting back to be myself, and, God willing, shall soon be there."

"I have been a very sick man, but owing to the goodness of the supreme power and to a few good friends I am now on the royal road where end is perfect health."

"I was born in Peterboro, N. H., and lived there until I was 16 years old. My father, who is a very noble man, sent me to the Appleton academy for three years, then he told me 'if you want any more education you must get it.' So when I was 16 I went to Amherst college. I was a student very quiet and studious, but I was not a very good student, and I had to leave for four years and graduated. Then I was persuaded to go to Andover seminary, and studied there three years, and took my degree as a clergyman in 1878, and went to preaching. I preached 11 or 12 years and then went back to college and studied two years for the

Ph. D. degree.

"All these two years I was studying and teaching in my family. The study will easily imagine, was excessive labor. At length I was elected to a position in a high school in Boston, but the work told on me and I grew ill. The illness lasted about a year, and I said, 'But I cannot leave my family.' Then I found a more thankful man you never saw. A gentleman who lived near me began to use Paine's celery compound and it built him up. I thought of this and said, 'I will try it.' And it has been bringing me out all right.

"I am inclined to think that I will soon be herculean in strength."

Paine's celery compound is today prescribed by physicians in every town throughout the world. It has made thousands of overworked and worn-out men and women well and thankful. There is not a profession or calling that has not sent testimonial after testimonial to the makers of Paine's celery compound. It makes people well. Try it and be convinced.

every trace of them. Any druggist will
get it for you.

TORTURING ECZEMA

No Less Than Five Physicians Consulted. Their Combined Wisdom Followed Without Benefit.

I am sixty six years old. In August, 1960, was troubled with the venereal skin disease to which people of my age are subject, known among medical men as eczema. The first appearance was none other than itchy blisters on the legs. I took no special attention until my legs were nearly raw and sore from legs the trouble extended across the hips, shoulders and the entire length of the arms. The legs and arms were greatly swollen with itching and burning pain, without cessation. Although the best medical advice attainable was employed, so that the best physicians of the place being consulted, I was unable to get any relief from their prescribed washes, the disease, though apparently checked, would return in a few days as had so often, during the progress my weight fell

Cuticura Resolvent

FREE FROM RHEUMATISM
In one instant the Cuticura
Anti-Pain Paste relieves the
most excruciating, knobby, swollen, stiff,
and aching joints, muscles, and tendons.
The first and only pain-killing powder.

King Richard's cry, "My kingdom for a horse!" arouses little enthusiasm in these days when not a horse, but a Safety, is the one desire of all, both young and old.
It's right it should be so.

The cool air fans one's cheek as with shout and laughter we skim along.

Distance counts for nothing. Two, four, six miles we easily cover before breakfast, and with renewed health and vigorous appetites we begin a day of work or pleasure with cheerful thoughts and a clear brain because of an hour's use of our Safety.

Girls' Safety.	Boys' Safety.
